President in Special Message Urges the Enactment of Measure Proposed.

MAYS WE ARE LOSING OUR SHARE OF COMMERCE | :

bints Out That We Are Carrying Practically Nothing to South America.

WASHINGTON, Jan. 23 .- The Presitoday sent a message to Congress ng the desirability of legislation elp American shipping and trade by uraging the building and running ines of large and swift steamers to th America and the Orient.

message in part follows: call your attention to the great de-bility of enacting legislation to help erican shipping and trade by encour-ing the building and running of lines large and swift steamers to South erica and the Orient.

serica and the Orient.

the urgent need of our country's make an effort to do something like its tra of our own carrying trade on the an has been called to our attention a striking fashion by the experiences Secretary Root on his recent South serican tour. The result of these extences he has set forth in his address ore the Transmississippi Commercial gress at Kansas City, on November last, an address no important that teserves the careful study of all pubmen.

Some Striking Facts.

e facts set forth by Mr. Root are ug and cannot but arrest the atm of our people. The great contito the south of us, which should it to us by the closest commercial is hardly in direct commercial commendation with us at all, its commerciation being almost exclusively distinct being almost exclusively brope. Between all the principal American ports and Europe lines t and commodious steamers, sub-by their home Governments, ply to There is no such line of steam. ad by their home Governments, ply arly. There is no such line of steambetween these ports and the United is. In consequence, our shipping in American ports is almost a negliquantity; for instance, in the year go June 30, 1905, there entered the of Rio de Janeiro over 2000 steammed salling vessels from Europe, but the United States no steamers and seven sailing vessels, two of which in distress. One prime reason for state of things is the fact that who now do business upon the seams uniness in a world not of natural settion, but of subsidized competi-

Need of State Aid.

Need of State Aid.

State aid to steamship lines is as much part of the commercial system of toy as state employment of consuls to amote business. Our commercial comittors in Europe pay in the aggregate 5,000,000 a year to their steamship lines, can pays between three and four milities. By the proposed legislation the fited States will pay relatively less an any one of our competitors. Three are ago the Transmississippl congress mally set forth as axiomatic a state-int that every ship is a missionary of det, that steamship lines work for their in countries just as railroad lines work their terminal points, and that it is surd for the United States to depend on foreign ships to distribute its protes as it would be for a department re to depend upon wagons of a coming house to deliver its goods. This atement is the literal truth.

Not an Experiment.

Not an Experiment. Not an Experiment.

roposed law which has been inln Congress is in no sense extal. It is based on the best and
meessful precendents, as for inupon the recent Cunard contract
e British Government. As far
la America is concerned, its alm
ovide from the Atlantic and Pasits better American lines to the
rits of South America than the
European lines. The South
ln Republics now see only our

proposes to build large-sized
of 16-knot speed. There are

min proposes to build large-sized sets of le-knot speed. There are 200 such steamships already in orld's foreign trade and over three-general substitution of admiratty—or both bill will encourage our shippards, are almost as necessary to the Nadefense as battleships, and the new of which depends in large tre upon their steady employment go construction. It is of importation our navy because it gives a combine fleet of auxiliary steamships, as is now almost wholly lacking.

Details of the Bill.

Details of the Bill.

Details of the Bill.

be bill provides for 14 steamships, slidized to the extent of over a million a half, from the Atlantic coast, all un to South American ports. It prossupon the Pacific roast for 22 steamsubsidized to the extent of two mills and a quarter, some of these to run south America, most of them to Ma. Australia and Asia. Be it rememde that while the ships will be largely piled by the interior and that the bill benefit the Mississippi valley as much the tenefits the scaboard. have laid stress upon the benefit to expected from our trade with South erica. The lines to the orient are also ital importance. The commercial positial importance. The commercial positial importance it is imperative twe should have direct communicative we should have direct communicative and Philippines.

by American lines with Hawall and Philippines.

The existence of our present steamship is upon the Pacific is seriously threated by the foreign subsidized lines. Our numerication with the markets of Asia I with our own possessions in the Philippines, no less than our communications in Australia should depend not upon organ, but upon our own ships. The atheest and the Northwest should to be served by these lines and if this cone they will also give to the Missippi valley through its entire length advantage of all transcontinental rail-is running to the Pacific coast. To fail a causallish adequate lines upon the Pacific in the disposition to contend for our offul share of the commerce of the alt. It would surely be discrimination to state a surrender to our commercial als the great commerce we should have with the America and even our own commencations with Hawall and the Philipens.

amestly hope for the enactment of a law like the bill in question. THEODORE ROOSEVELT.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierco's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW SAYS of Unicorn root (Helonias Dioica) which is one of the chief ingredients of the "Favorite Prescription

worite Prescription ":

"A remedy which invariably acts as a uterine invigorator " " makes for normal activity of the entire reproductive system.
He continues "in Helonias we have a medicament which more fully answers the above
purposes than any other drug with which I am
acquainted. In the treatment of diseases peculiar to women it is seldom that a case is
seen which does not present some indication
for this remedial agent." Dr. Fyfe further
says: "The following are among the leading
indications for Helonias (Unicorn root). Pain
or aching in the back, with sleucornbora
atonic (weak) conditions of the reproductive
organs of women, mental depression and irritability, associated with chronic diseases of
the reproductive organs of women; constansensation of heat in the region of the kidneys; menorrham of those reproductive system
amenor by a supercessed or absent monthly
periody, distink from or accompanying a
abnormal condition of the digestive organand argemic (thin blood) habits, draggin
sens from a less of the above symptom.

If more or less of the above symptom

If more or less of the above symptom are present, no invalid woman can better than take Dr. Pierce's Favorit

are present, to loyalid woman can divide than take Dr. Pierce's Favorite Prescription, oile Di the leading ingredients of which is Unicorn root, or Helonia and the medical properties of which is most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D. of Bennett Medical College, Chicago, says:
"It is an important remedy in disorders of the womb. In all catarrhal conditions." and general enfeeblement, it is useful."
Prof. John M. Scudder, M. D., late of Cincinnatt, says of Golden Seal root:
"In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful is all debilitated states."
Prof. R. Bartholow, M. D. of Jefferson Medical College, says of Golden Seal:
"Valuable in uterine hemorrhage menor rhagia (floeding) and congestive dysmenor rhose (paintul menstruation)."
Dr. Pierce's Favorite Prescription faithfully represents all the above named by gredients and cures the diseases for which they are remeded.

honor of her guest, Mrs. Francis Pas-torius of Colorado Springs. The long table was beautifully decorated with scarlet carnations, the flowers being arranged in a mass in the center of the table; green shaded candles were used at the corners of the table. Covers be-ing laid for twenty-five.

Mr. and Mrs. J. Reinshriber entertained informally Sunday in honor of their twentieth wedding anniversary, the following guests were present: Mr. and Mrs. H. A. Baron, Mr. and Mrs. D. B. Baron of Bingham, Mr. and Mrs. A. Frank, Mr. and Mrs. L. Frank and daughter, Mrs. and Mrss Lewis, Mr. Ben Lewis, Mr. Dave Strauss. The hostess was assisted by Miss Rac Reinshriber and Miss Pauline Lewis.

Mr. and Mrs. W. Edward Fife entertained a dozen friends informally at dinner last evening at their apartments in the Emery Holmes; the decorations were in pink carnations, the dinner being followed by bridge.

Colonel C. W. Mason, from Fort Du-chesne, will arrive the early part of next week to be the guest of Lieuten-ant and Mrs. C. W. Mason af the post for a couple of weeks.

C. C. Parsons entertained a few friends informally at dinner last even-ing at the Alta club in honor of Mr. and Mrs. Lewis S. Cates.

Mr and Mrs S. A. Whitney are vis-iting with friends in Chicago, en route to New York and Florida, where they will spend six weeks.

Miss Ethel Partridge has returned from Los Angeles, where she has been the guest of Miss Alverta Martin for

Mrs. W. G. Lamb will probably leave the latter part of February for Beston, where she will visit with relatives for a month.

Mrs. Mary A. Mayberry entertained
